HIGH SCHOOL TO REGISTER PUPILS AUGUST 28-29

All of Faculty Except Librarian Chosen, States Principal

Registration of Antioch Township High school pupils for the coming school year will be held Monday and Tuesday, August 28 and 29. Registration will start at 9 a. m. on both days.

Those whose last names begin with the letters A-M, inclusive, should come on Monday. Those within the N-Z group, on Tuesday. Exceptions to the above time schedule will gladly be made for those who are working, it is announced, and their registrations will be arranged so as to avoid loss of time, and with the least inconvenience possible.

Faculty Announced

All of the faculty for the coming year have already been engaged, except for a librarian, Principal J. O. Austin announces. Miss Lucille Putz' resignation came late, and to date her successor has not been definitely decided upon, although a number of excellent candidates are under consideration.

The new teachers are Clara Rasmussen, Isabel Larimer, and E. W. Edwards. All three are experienced teachers, have superior ratings, and should be acceptable members in any community.

Miss Rasmussen received her Bachelor's degree from Illinois State Normal, and is completing the work for a Master's degree in English at the University of Illinois this summer. Her four years' teaching experience and her preparation in English rate her highly.

Miss Larimer, who will teach home economics, was graduated from Eastern Illinois State Teachers college at Charleston with a strong major in Smith-Hughes home economics and related science. She had a very active career in college in many fields. She was a Unit president, Home-coming Chairman, and President of the Home Economics Club. All reports from her past year's teaching indicate that she will make a wholesome, dependable teacher.

Mr. Edwards has several years' teaching experience in science and social studies. He wrote his thesis for his Master's degree at the State College of Education, Greeley, Colo., on the basic principles of physics. He will take over part of the science taught by Mr. Hack, who will teach some classes in mathematics.

Robert Chinn has been appointed secretary to succeed Miss Mildred Hulik, who has accepted a position in the county superintendent's office.

Mrs. Marguerite Phillips, dramatics; C. L. Kutil, agriculture; M. M. Stilson, industrial arts; Miss Cornelia Roberts, history and English; Miss Lucille Slocum, commerce; Miss Helen Olson, girls' physical education and typing; Miss Alice E. Smith, history and Latin; R. H. Childers, history and boys' physical education; Mr. Hack, science and mathematics; and Hans von Holwede, German and music, complete the faculty for the coming year.

Ray King Is Cavalry Lieutenant in Texas

From Fort Bliss, Tex., comes word that Ray King is taking a year of active duty as a lieutenant in the Eighth Cavalry, stationed there.

Lieut. King is a son of Mr. and Mrs. Frank R. King, formerly of Antioch and now of Tucson, Ariz. He is a brother of Robert King, manager of King's drug store here.

In a letter, Lieut. King writes, "Work here is interesting and enjoyable. We rise at 5 a. m., and from then on are busy with everything under the sun from office work to mounted pistol practice. The grub is excellent—what more can you ask if an army marches on its stomach? The first of October we start on a 200-mile march to Balmorhea, Tex."

Antioch Youth Attends State Fair Boys' School

Francis Swenson, president of the Antioch chapter, Future Farmers of America, is one of four Lake county boys who have been selected to attend the Illinois State Fair for Boys this week.

The school, of an agricultural nature, is held at a camp on the State Fair grounds during the fair week. It is under the charge of J. E. Hill, director of vocational agriculture at Springfield.

Francis is the son of Mr. and Mrs. F. A. Swenson, Route 173.

Happy Birthday to Us!

Fifty-three years young, with this issue, is the Antioch News, which for more than half a century has chronicled the births, deaths, weddings, parties and visits of the beautiful lakes region in Lake and Kenosha counties.

Throughout its career, the Antioch News has held a position of leadership among country weeklies.

Founded by J. J. Burke in 1886, it was edited by him until 1901, when he sold it to A. B. Johnson. Johnson published the News for 20 years before selling it to the firm of Horan, Wood and Woodhead. Wood and Woodhead withdrew from the firm a few years later, and in 1926 Horan sold the paper to the present publisher, H. B. Gaston.

The News has twice received recognition from the National Editorial association for its general merits and has also been honored by the Illinois State Press association since its present owner became publisher. Only three other weekly papers in the state of Illinois have received this recognition.

PROVIDE FOR DELINQUENT TAX INSTALLMENTS

Back Real Estate Taxes May Be Paid in 5 Installments

The delinquent tax committee of the Lake County Board of Supervisors has stated that owners of real estate, on which there is any amount of past due taxes as of January 1st, 1939, desiring to take advantage of a recently enacted law entitled, "An Act to Provide for Installment Payment, in Counties of Less Than 500,000 inhabitants, of Delinquent Real Estate Taxes and The Remission of Penalties, Interest And Costs Accrued and Accruing Thereon" must proceed as follows:

1. File a petition on or before September 1st, 1939, with the County Collector for benefits of this Act on a form which may be obtained from the County Collector at his office in the Court House at Waukegan, Illinois, which petition shall contain a description of the land to which the owner desires to have the benefits of this Act apply.

The taxpayer agrees in this Petition:

- (a) To pay all delinquent taxes in five annual installments.
- (b) To pay 1938 taxes on or before September 1st, 1939.
- (c) To fix a date on or before October 15, 1939, on which he will pay the first installment of the delinquent taxes.

2. The taxpayer in his petition agrees to pay his current tax regularly each year between now and 1943, in addition to paying the installments on his delinquent taxes.

3. Delinquent taxes may be paid in a lump sum without penalties and interest, however, the property of the taxpayer is not free of the tax penalty lien until the current taxes have been paid regularly each year, including tax due in 1943, at which time a County Court Order may be entered freeing his property of the tax penalty lien.

4. While the taxpayer is carrying out the agreement to pay current taxes with annual installments on the delinquent taxes his real estate on which the tax is being paid will not be offered for sale by the County Collector.

5. When and if the taxpayer fails to pay any of the installments of the past due taxes in accordance with his agreement together with the current year's taxes he will not receive the benefits of the recently enacted law. Any amount paid prior to the breach of the agreement will be credited to the past due taxes on the collector's books, and no further installments of past due taxes will be accepted by the county treasurer unless the total of such past due taxes (together with advertising costs, if any) and the interest accrued thereon prior to January 1, 1939, as well as the interest accruing subsequent to the breach of the agreement, is tendered in one account.

6. The benefits of the law will apply to any grantee or subsequent owner of the tract or tracts of land described in the taxpayer's Petition so filed with the County Collector.

Twin Lakes Firemen Plan Dance August 18

The ninth annual summer dance sponsored by the Twin Lakes fire department will be held in the Twin Lakes ballroom Friday evening, Aug. 18. Al Trace and his orchestra will play.

WEST KENOSHA COUNTY FAIR DRAWS 4,000

Three-Day Agricultural Exposition at Wilmot Sets 11-Year Record

The largest attendance in 11 years, 4,000 persons, marked the three-day West Kenosha County fair held at Wilmot through Friday, Saturday and Sunday.

Young folks' exhibits in the 4-H section of the fair were particularly fine this year. They included 168 head of cattle, 18 horses and colts, and 80 pigs in the livestock division, and an interesting array of handicraft, sewing and cooking achievements.

Miss Gladys Spitzer, daughter of Mr. and Mrs. Gus Spitzer, route 3, Kenosha, was chosen Dairy Queen to represent Kenosha county at the Wisconsin state fair. Her appointment to this honor climaxed a contest held Saturday afternoon. On Saturday evening she presided at the "Butter ball" in the high school gymnasium.

Jane Thompson, of the Wood Road Willing Workers, received first place in the 4-H style show held Saturday afternoon. Other winners were Gladys Spitzer, Anita Uebele, Joyce Newell, Lucille Thompson, Marguerite Hill, June Muhlenbeck, Barbara Daniels, Ruth Ryall and Sheila Ann Smith. — Take Awards

A number of Antioch residents took part in the series of horse shows held throughout the fair. Gloria Patrovsky, Berniece Smith, and Leo Carney were among those receiving awards.

Saturday winners included:

Jumpers Open—Pat Murphy, Kenosha, first and third; James Murphy, Kenosha, second; Sonny Connors, Northbrook, fourth.

Five-Gaited open—Ted Isleman, Oswego, Ill.; Elaine Victor, Wilmette; Miss Romberger, Milwaukee; Berniece Smith, Antioch.

Children's Horsemanship—Dennis Murphy, Kenosha; Richard Lee Isleman, Oswego; Norma Davin, Kenosha; and Gloria Patrovsky, Antioch.

Three-Gaited—Dennis Murphy; R. L. Grantham, Waukegan; Alfred Metter, Mukwonago; and Ted Isleman, Oswego.

Fine Harness—Ted Isleman, R. L. Grantham, Mrs. Edward Mutz, Trevor, and Miss Romberger.

Winners of the Sunday afternoon horse show were:

Children's jumpers under 18 years—Billy Owen, Northbrook, first and second; James Murphy, third, and Pat Murphy, fourth.

Ladies' three-gaited—Elaine Victor; Margaret Emmert, Chicago; Elinor Brown, West Allis, and Mrs. R. P. Cavanaugh, Kenosha.

Saddle Ponies—Elinor Brown, Richard Lee Isleman, Leo Carney, Antioch, and Jimmie Murphy.

Pair class—Elaine Victor and Margaret Emmert, Elinor Brown and Miss Romberger, and Joe Cook, Burlington, and Berniece Smith, Antioch.

Bridle Path—Betty Lou Isleman, Nellie Bohn, Kenosha; Alice Arndt, Kenosha, and John McDonald, Jr., Richmond.

An announcement of the winners of premiums in the various exhibit sections will be issued at a later date when compilations of judges have been completed.

Youngsters who received prizes in a children's parade Saturday morning were Edna Otto, Janet Los, Beverly Frank, John Jerde, Joyce Stoxen, Marilyn Schenning, Donald Schubert, Floyd McManus, Marvin Leitig, Virginia Schenning and Henry Bolgren.

Bassett Station is Destroyed by Fire

Damages estimated at more than \$5,000 resulted from a fire that destroyed the Bassett depot of the Chicago and North Western railroad on the discontinued K. D. spur line, and spread through the adjacent Al Lois feed store warehouse and elevator Monday night.

The Silver Lake, Twin Lakes and Wilmot fire departments were called out when the fire was discovered in the station at 11:40 p. m. The firemen battled the flames for more than two hours before they were extinguished.

At 3:40 a. m. a second alarm was turned in to the Silver Lake department when flames again sprang up among the charred timbers.

The loss to his feed mill was covered by insurance, Lois stated.

A Lesson In Advertising

That the first Antioch Lions' club festival which drew thousands of persons to Antioch last summer was no "flash-in-the-pan" was proved by the second one, attended by 20,000 visitors over Friday, Saturday and Sunday.

The success of the second festival is the more remarkable when it is considered that at least nine other major celebrations were being held within the area from which the Antioch event could reasonably expect to draw.

Now, the Antioch Lions have no magic formula for their two-time success.

True, the Lions laid their plans out carefully several months in advance of the festival date, and had all attractions booked and all details of the program pretty well settled long before that date drew near.

True, they arranged for entertainment that would be good enough to reflect credit on the club and the community, and would send all visitors away with the pleasant recollection that Antioch was a good place in which to have an enjoyable time.

True, they did not expect to "put in a penny and draw out a dollar." The Lions had sunk \$1,500 of their own money into the festival before the doors opened, or they ever realized a penny in return.

But they did not stop there. Instead of taking it for granted that because they, their neighbor, and their neighbor's child knew about the coming festival, the world knew about it, they set out to TELL the world.

And here is how they did it:

On the theory that you have to start telling people about a thing early if you want them to start talking about it, they began their advertising and publicity in the local paper a month ahead of the festival time, on July 13, following it up with further stories and full-page advertisements.

They placed other advertisements and publicity stories in newspapers of five Illinois and Wisconsin counties, at strategic times.

They printed, well in advance of the festival, 10,000 16-page programs, 5,000 of which were placed in towns and villages within a radius of 30 miles, and at important highway intersections.

They placed 1,000 large display posters and window cards in every community for miles around, and at highway intersections. They sent personal letters to all Lions clubs within driving distance of Antioch, and to the Lions International.

They placed a large display poster of the attractions in the window of the local newspaper office.

Two weeks before the opening of the fete, they erected a large sign at the intersection of Highway 41 and 173, where it would be seen by thousands of persons daily.

They sent 1,000 post cards to business men and friends of the club and club members.

They addressed 85 personal letters to merchants, professional men, and business institutions of the village and nearby territory.

A radio broadcast over a well known station, announcing the festival to the radio public, was arranged.

Two days before the festival, they hired a sound truck to travel through this and other communities announcing it.

All of this cost a little money.

But, the Lions reasoned, when you have on your hands an "investment" representing several thousand dollars in fun and amusement—not to speak of exceedingly valuable promotional "extra returns" for the whole community—it is not wise to jeopardize that investment of thousands by failing to spend the comparatively small amount of money needed for telling people about it.

The Lions' advertising expenditures, covering as they did all means and mediums available except perhaps sky writing, amounted to only FIVE PERCENT of their gross returns!

And those gross returns were made possible, in large measure, by their thorough and judicious advertising.

All of which goes to prove an old adage—"Have something worth selling, tell people about it, and treat them right after you get them there." It really pays.

PRIZE AWARDS FOR ANTIOCH COUNTRY FAIR TOTAL \$3,500

Fine Stock to Be Exhibited Here on August 24, 25, 26

Some of the finest livestock in the world—the kind that has made Lake county famous as a center for purebred livestock—will be assembled in neighborhood competition at the Antioch Country fair for the title of county champion.

Cash premium prizes totaling \$3,500 will be offered during the three days of the fair—August 24, 25 and 26.

Future Farmer and 4-H activities are traditionally given an important share in the exhibits, hence the young folks as well as the older ones will be taking a keen interest in the outcome of the judging.

Band concerts, free shows, rides, games of skill and other entertainment offerings are planned. A horse show will be held each evening.

All entries in the exhibits must be received before 5 p. m. the afternoon of Thursday, August 24.

Camp Lake Oaks Imp. Association to Picnic

The eighth annual carnival and jamboree of the Camp Lake Oaks Improvement association will be held Saturday, August 19, at Camp Lake. Free dancing will be one of the features.

Games, with prize awards, and numerous other entertainment specialties are planned by the committee for the affair.

ANTIOCH LIONS' FETE ATTRACTS 20,000 VISITORS

Village Streets Are Packed by Throngs at Big 3-day Festival

Twenty thousand persons, it is estimated, enjoyed the fun and frolic of the second annual Lions' Club festival, Friday, Saturday and Sunday.

Crowds of 3,500 and over packed the festival grounds at Orchard street and Main for each of the two "big-time" vaudeville shows given nightly. The free dancing conducted afternoons and evenings, with music supplied by a loud speaker system, also drew good attendances.

Frank Shepard as master of ceremonies won the approval of all for his whimsical humor, clever sleight-of-hand entertainment, and the "smooth" way in which he introduced those appearing on the program.

Band Makes Hit

Henry's original strolling band quickly made a place for itself in the hearts of all. The band not only entertained on the festival grounds during afternoons and evenings, but also made side excursions through the business section, where the strolling "minstrels" gave impromptu concerts.

The personality as well as the playing of that young lady xylophonist, Betty Lee, scored a hit with listeners at the vaudeville program. Betty Lee is said to be the world's fastest xylophonist—a claim that was in no way discredited by her performance here.

John and Jorie Armstrong, gymnastic dancers brought to the United States by the late Flo Ziegfeld, also amply upheld the fine quality of the entertainment, which drew universal praise.

Groups Take Part

Also popular were the numerous food and amusement concessions, which were turned over by the Lions to various organizations of the community.

Among the groups conducting booths were the Parent Teacher association, Boy Scouts, Antioch Methodist Friendship Circle, St. Peter's church, Sons of the American Legion, Antioch firemen, and the Antioch basketball team.

Water fights staged by leading firemen's teams of Lake and adjoining counties, were put on amid much hilarity Sunday afternoon at 3 o'clock. Carnival rides and games were available throughout the fete.

A "festival of bargains" conducted by merchants and other business establishments offering "specials" for Friday and Saturday also proved successful, with many buyers taking advantage of the bargains offered.

Committees Pleased

The Lions' club committees which have been working for months to insure the success of the festival, their second annual one, and the president, Dr. D. N. Deering, have expressed themselves as being well satisfied with its outcome.

Workers included the program committee, Adolph Kucera, chairman; James Horan, C. E. Hennings and George Joedike, who issued 10,000 copies of a 16-page program, had the territory for miles around Antioch placarded with 1,000 large display posters, had charge of decorations, and secured the co-operation of merchants in arranging individual festival displays. The complicated and extensive financial set-up for the festival, a big job in itself—was handled by Robert King, chairman, Irving Elms and J. B. Fields.

The hundred-and-one worries which went along with the grounds committee's job were ably taken care of by Robert Abt, James McMullen, Ed Vos, L. O. Bright, W. I. Scott and Irving Elms.

This committee not only had charge of the festival grounds, but also arranged special parking spaces for visitors' cars, and was in charge of all amusements such as "rides" and other carnival entertainment.

Entitle King Bessie World's Biggest Holstein

The title of "biggest Holstein bull in the world" was granted by breeders at the Illinois State Fair in Springfield Tuesday to King Bessie Ormsby Pieterje, 36, herd sire at John Cuneo's Hawthorn Farms near Libertyville.

There were no challengers to this claim among other breeders' entries.

King Bessie weighs a ton and a half and has sired several champions in his six years. He is the thirty-sixth grandson of Queen Bessie, founder of a famed line. Ormsby and Pieterje are widely known Holstein lines.

Atta Boy, T. V.

Corruption of relief in any form is unmitigatedly pernicious. Party victory won by any sort of cheating sticks in the craw of every patriot; but victory won by prostituting the pride of the WPA worker or by making appear vena the hunger of the poor is plainly pusillanimous. . . . I welcome this chance indeed to put myself down as a Democrat who believes this purification more important than Democratic success in 1940.—Rep. Thomas V. Smith, (D.) Ill., address in House, June 16, 1939.

Internal Debt

Mr. Roosevelt takes the following view: "Our national debt, after all, is an internal debt, owed not only by the nation, but to the nation. If our children have to pay interest on it they will pay interest to themselves." But in 1932, he asked "the courage to stop borrowing to meet the continuous deficits," and in the same speech, at Sioux City, Iowa, declared that the administration

then in power was "the greatest spending administration in peace time in all our history."

Having left the Republican record a mere dot on the horizon, he now wants the country to think of debt as an "investment" and to take the view that to owe 45 billions is nothing to be concerned about because the people owe it to each other.

What would Thomas Jefferson or Benjamin Franklin have thought of such a theory?

Harvest Time

It is harvest time in Europe. And so for the moment, there are no new major crises. Men who are needed to bring in the harvest cannot be set to marching and fighting.

Most experts think Hitler will provoke another major crisis in his "war of nerves" when the harvest is over, about the end of this month. Object will be to win Danzig and the Corridor. What will happen then is any man's guess.

It is widely said that if no war breaks out before October, the chance of war occurring at any time in the comparatively near future will be greatly reduced.

F. D. R. Longs for the Good Old Days

Mr. Roosevelt longs for the day when the national income will be 80 billion dollars, which must mean he wants to see the Republicans back in power because the only time we ever took in that much money was under G. O. P. management back in 1929.

son of New York city spent the last of the week visiting relatives in the vicinity. The Fusons had a singing engagement at Cleveland for the first of the week and were returning from Kansas, where they had spent the summer months.

Historic Spot

Aguadilla, Puerto Rico, is the only place where Columbus ever set foot on U. S. soil.

They Drink It Sweet

The Brazilians say "coffee should be as black as coal, strong as Samson and sweet as a woman's heart." Perhaps their sentiment explains the cup of coffee filled more than a half with sugar. Most of the natives drink from 10 to 20 cups a day; coffee is as important a national drink for the Brazilians as wine is for the French.

Heavy Traffic

According to a news item in the Klamath Republican, August 10, 1900, the number of heavily loaded freight wagons that arrived and departed were considered a barometer of the county's business. "At least a dozen trains, each of three wagons, carrying 8,000 to 10,000 pounds, drawn by six horses, arrive each day."

A TELEPHONE IS ALWAYS ON THE JOB

A telephone is one of the most reliable helpers you can have on your place. Night and day, week in and week out — your telephone is right there and ready when you need it, for business calls, social calls, any kind of emergency. You'll find telephones on thousands of farms in this state, for one important reason: they pull more than their own weight in the job of making farming pay. If you haven't a telephone, order one today!

BEVERAGE ALCOHOL AND THE COMMUNITY

LESSON TEXT—Joel 1:5-7; Daniel 5:1-5, 17, 25-28.
GOLDEN TEXT—Woe unto him that giveth his neighbor drink.—Habakkuk 2:15.

"None of us liveth to himself" (Rom. 14:7).

What concerns the individual concerns the community, for the community is made up of individuals. The man who uses alcohol has no right to claim that it is a personal matter, for alcohol is a poisonous drug which not only injures the individual, but makes him a danger and a liability to his community. Before going into our lesson let us look at only a few of the many facts available.

In the five years since repeal, it is estimated that \$30,000,000,000 has been spent for intoxicants with a profit to the industry of \$13,250,000,000. But what has it cost the people?

"In 1937, an entire city the size of Detroit was maimed and injured, and an entire city the size of Omaha was permanently injured, by the automobile. Sixty per cent of auto fatalities are due to alcohol" (Chief Justice of Municipal Court, Evanston, Ill.).

"Rape has increased 13 per cent and the more atrocious forms 40 per cent in the last eight months" (Police Commissioner, Boston, Mass.).

"Criminals are for the return of liquor, wet propaganda to the contrary notwithstanding, and with the coming of repeal will come the greatest era of wholesale crime this country has ever known. The criminal world is tensely expectant and is prepared to launch immediately into its millennium of crime. The return of the saloon inevitably will bring open prostitution and gambling" (Statement by a criminal in prison before repeal became effective).

"America is on the worst gambling spree in its history. A gross population, not including all rural districts, of 80,000,000 persons is dallying with \$6,000,000,000 in winnings and losses, of which all but about \$1,000,000,000 passes through the hands of the underworld, where much of it remains" (Courtney R. Cooper).

The American Business Men's foundation, Chicago, reports that liquor was responsible for the rejection of more than 93,000 applications for insurance last year, and that as a result widows and orphans will ultimately be deprived of over \$200,000,000 of insurance, making some of them public charges.

Three words which are altogether appropriate for the liquor problem will serve to summarize our lesson.

I. Devastation (Joel 1:5-7).

Drunkards are called on to awake from their stupor and weep and the drinkers of wine (note that!) to wall over the loss of their drink because of the devastation wrought by the locusts. This plague had come because of the sins of the people, and may well serve to exemplify the devastation which will follow the use of alcohol as a beverage. The nations of our day need not think that they will escape if they continue on their present road of reckless indulgence.

II. Debauchery (Dan. 5:1-4).

The familiar story of Belshazzar's feast should be made to live again as we point out that we here "have vividly manifested three of the great characteristics of the day in which we live—a coming together of great multitudes for a riotous night of drinking, which must of course end for many in disgusting drunkenness; provision for acts of darkest sensuality in the fact that all the wives and concubines were invited to this feast . . . and a contemptuous, deliberate insulting of the name of God" (Dr. Wilbur M. Smith).

III. Death (vv. 5, 17, 25-28).

Dramatically swift was God's judgment upon Belshazzar's presumptuous sin. Magnificently bold and direct was the condemnation by Daniel, the prophet of God. Relentless was the immediate judgment of physical death (see v. 30), and equally sure is the ultimate judgment when the drunken king stands before his Maker to answer for the deeds done in the flesh.

The fact that God does not write in our day in flaming letters on the saloon wall before the bleary eyes of the drinker does not mean that His judgment is any less certain, nor does it make it less dreadful.

Cost of Happiness

God has ordained that happiness, like every other good thing, should cost us something; He has willed that it should be a moral achievement, and not an accident.—Dr. Gasparin.

Walk in the Light

Walk in the light and thou shalt see thy path, though thorny, bright; for God, by grace, shall dwell in thee, and God himself is light.—Barton.

Gretna Green Marriage?

Here's Origin of Phrase

Gretna Green is a village in Dumfries Scotland, near the English border. In 1754 Lord Hardwicke's act abolishing clandestine marriages went into force. Previous to that time eloping couples were usually married in the old Fleet prison in London. Gretna Green, as the nearest village on the Scotch side, became notorious as the place where such couples in England went to take advantage of the greater ease with which ceremonies could be performed under the laws of Scotland. The law required merely that the parties declare in the presence of witnesses their desire to marry. Most of the ceremonies at Gretna Green were performed by the blacksmith, although the tollman, the ferryman, and in fact almost anybody, might officiate. More than 200 couples were married in one year at the tollhouse alone. Thus Gretna Green became, as one writer puts it, the resort of all "amorous couples whose union the prudence of parents or guardians prohibited." Gretna Green ceased to function as a marriage mill in 1856, when a law was passed making a marriage invalid unless one of the parties had resided in Scotland at least three weeks. But the term "Gretna Green marriage," meaning a runaway marriage, still survives.

Steamships Paid Respects With Blast of Whistle

Clyde line ships pass Miss Kate's silently now, but for half a century, and until Miss Kate died at the age of 90 a decade ago, no Clyde ship ever entered the Cape Fear at Southport, N. C., without a three-blast salute of the whistle.

The legend of the salutes is only one of the rich memories of the old house, which sets out boldly at the entrance of the Cape Fear, a hundred yards closer to the water than any other house in this fishing town. Built 125 years ago, the house descended from Stuart to Stuart. It is said that every governor of North Carolina from 1800 until the death of Miss Kate Stuart has been a guest of the riverside home. President Woodrow Wilson's father, who preached at Southport, was a frequent visitor at the house.

When Miss Kate was mistress of the hospitable house, she had as a guest a young girl, daughter of a Clyde line official. A steamboat of the line carrying the girl's father puffed by the house, and the guest, excited, fell from the dock into the river in which a swift tide was running. Miss Kate, fully clothed, jumped after her and swam ashore with the drowning girl.

From then until the day Miss Kate died, vessels of the line never passed the roomy old house without tooting their respects to the grand old lady.

Education Takes to the Water

A floating government school, equipped with auditorium, books, radio, and movie apparatus, is reported on tour of Chinese rivers, giving mass information on health, music, news, and such practical technique as might be needed in case of air raids and chemical warfare. Much of Chinese life is already linked with her waterways. In this vast, thickly peopled country, an intricate network of canals, creeks and rivers does duty in place of or as a supplement to roads. Millions of Chinese families live in junks anchored outside the teeming cities. Though modern steamers now chug along the coast and up and down China's internal flowing roads, the ancient and characteristic junk is still a familiar sight. In various colors and shapes, these craft carry much of China's enormous river-borne trade. Occasionally one even crosses the ocean.

PEDERSONS RECEIVE FLORAL AWARD

Mr. and Mrs. Alfred J. Pedersen of Route 173, just east of Highway 45, are attending the Illinois State fair in Springfield this week.

The prize which they won for having one of the most beautiful farm homes in Lake county during the recent Governor Henry Horner farm floral contest was to be presented to them at the fair on Wednesday.

Mrs. Pedersen has for many years made the care of trees and plants her hobby. She planted the trees in the orchard at their home, and the grape vines. At the time of the contest she had 22 varieties of roses in bloom. It has taken her many years of planning and work to bring the grounds about the home to their present attractiveness.

Accompanying Mr. and Mrs. Pedersen to the fair were Mr. and Mrs. Clyde Hoops of Jansville. The party was expected to return today or tomorrow.

EVALYN PESTER WEDS AT GRAYSLAKE AUG. 9

The handkerchief which her grandmother carried at her own wedding was the "something old" in Miss Evalyn Pester's costume as she became the bride of Arnold J. Clausen, Round Lake, last Wednesday afternoon in St. Andrew's church of Grayslake.

The bride, who is the daughter of Mrs. Joseph Pester, Grayslake, was given in marriage by her uncle, Thomas Pester, Lake Forest. A reception for 75 guests followed the ceremony.

Mr. and Mrs. Clausen plan to make their home in Grayslake. The bridegroom is the son of Mr. and Mrs. Carl Clausen, Round Lake.

FOX LAKE P. T. A. TO SPONSOR STYLE SHOW

In addition to the card play at a party the Fox Lake Parent-Teacher association will sponsor Friday, August 18, at the Fox Lake Grade school, there will also be a style show by Marie Anne's, of Antioch.

The parade of new fall fashions will include little girls', misses and women's frocks and dresses.

Illinois Is Fifth in U. S. as Tourist State

Pointing to Illinois' increasing popularity as a tourist state, Bert Banderwari, head of the Chicago Motor club touring bureau, announced today that attendance in state parks this year is 25 per cent ahead of 1938.

"Illinois ranked fifth in the nation last year in tourist volume," he said. "It also showed a substantial gain in visitors to all parts of the state. With fairs on both sea coasts attracting motorists east and west, inquiries at the club touring bureau are running ten per cent ahead of previous years, and Illinois should set an all-time record for incoming transients," he predicted.

Mr. Vanderwari says that analysis of tourist expenditures reveal that 58 per cent of the money they spend goes for transportation expenses—gas, oil, and general upkeep of the car. As 22 per cent goes for recreation, 10 per cent for food, 5 for accommodations and the remaining 5 for refreshments, every single line of business is benefited by the summer caravan which fills the highways.

"It is estimated that motorists are covering 130 million passenger miles daily over the network of Illinois roads which lead the nation in pavement mileage," he said.

Flag That Inspired National Anthem Made 125 Years Ago for Ft. McHenry

THE original "Star Spangled Banner," the hand-torn flag that floated over Fort McHenry and gave the United States its anthem, is still a national relic. Preserved in the National Museum in Washington, it will be the center of attention next September, when the nation celebrates the 125th anniversary of its making, and of Francis Scott Key's masterpiece.

The immortal anthem was written on September 14th, 1814, as Key rejoiced at seeing "by the dawn's early light" that the stars and stripes still waved. He had spent the night pacing the deck of a cartel ship and watching a British fleet's bombardment of the fort.

The flag, which continued to wave triumphantly as the attack failed, was made by a widow, Mrs. Mary Young Pickersgill, of Baltimore. Mrs. Pickersgill's mother had made the "Grand Union Flag," under which Washington had taken command of the American Army at Cambridge, Mass., in 1776.

When the British invaded Chesapeake Bay, Mrs. Pickersgill was given the task of sewing a flag for the fort defending Baltimore. The order called for a mammoth banner, 30 by 42 feet. Because of the size, a large door was necessary for the work. The mayor of Baltimore, Edward Johnson, provided the mauling floor of the brewery adjoining his home. The walls of the building are still standing.

The huge flag contained four hundred yards of bunting, and Mrs. Pickersgill and her daughter, Caroline, with guidance from Mrs. Young, worked day and night to complete it.

After the battle, Mrs. Pickersgill embroidered around the holes in the shot-torn flag. In 1912 the "Star Spangled Banner" was presented to the National Museum by a descendant of the Commanding Officer of Fort McHenry.

Baltimore and the nation will celebrate the famous flag's 125th birthday in September.

Summer Mood Expressed in Enchanting Sheer Cottons

WITH the new emphasis on allure, romance and the sweetly feminine which is coloring every detail of the season's fashions, the evening mode for summer becomes more exciting than it has been in many decades. Romantic traditions are being revived with endlessly spreading skirts billowing from slender fitted bodices or high bodices, smooth shoulders gleaming above quaint puffed sleeves and the daintiest of materials heralding a new mood of enchantment.

Nowhere is this new influence more thrillingly interpreted than in the use of delicate sheer imported cottons for picturesque evening gowns. Fine Swiss organdies, amazingly versatile in their effects and finishes, are ideally adapted to glamorous styling. Deceptively fragile and delicate in appearance, they combine practicality with their alluring daintiness, for these imported cottons carry a permanent lustrous finish which survives any number of tubbings or trips to the cleaner. They may be depended upon to retain their original freshness and vitality indefinitely.

Lovely beyond words are the cut-out embroidered organdies in geometric and floral patterns which make adorably youthful frocks when styled along simple lines that enhance the charm of the fabric. A winsome frock of the sweet simplicity type that uses cutout embroidered organdy is shown to the left in the illustration. Here delicacy with chic is achieved, plus a dramatic play on color via the striking use of deep garnet colored organdy embroidered in a trailing white vine patterning as trimming on deep blue Swiss organdy similarly embroidered. The frock is

styled on period lines having a tiny low-cut basque bodice with very full skirt banded in the deep garnet organdy. The matching bolero tunes it to informal wear.

It's the fashion for dainty cotton sheers to be made up in the sweet simplicity mode with ribbons run through yards and yards of beading and other cunning details that are reminiscent of great, great grandmamma's day. See in the gown pictured to the right how entrancingly this scheme of things is being tuned to current style trends. The material for this fetching gown is a sheer cut-out embroidered Swiss organdy with fitted basque bodice and detachable puffed sleeves. Deep rose grosgrain ribbon bandings show through the transparent weave most quaintly and effectively.

The beautiful draping quality of Swiss cloque organdy is stressed in an off-shoulder style for festive wear as shown centered in the picture. A fine star patterning with a tiny eyelet in each star is printed on a pale blue background to make this ingenious dinner and evening frock with its softly gathered off-the-shoulder bodice and full sweeping skirt.

Among the hosts of lovely organdies and Swisses whose endearing "young" charms are making such definite fashion appeal for summer there's nothing prettier to be found than the more-popular-than-ever transparent organdies that are delicately shadow-printed in subtle lace motif accented by use of matching lace as trimming. Then there are such delightful effects as an apple green permanent finish Swiss organdy in a floral shadow-printed bouquet patterning on a crisp, clear transparent ground.

Crystal clear organdies both in pastel monotonies and deep tones are beguiling for gossamer sheer dinner and evening gowns styled to emphasize the daintiness of this type.

Youngsters Show Cattlemen up on Beef Champions

Irene Brown, 15-year old Aledo, Illinois 4-H club farm girl who amazed and embarrassed the world's foremost cattlemen at the International in Chicago last fall by winning the Grand Championship over all-comers in the open class with her Angus club calf, Mercer, returned from her personal appearance tour at the New York World's Fair just in time to win the reserve championship in the 4-H class at the Illinois State Fair at Springfield this week with her latest bovine beauty, Kimel, a roly-polly Aberdeen-Angus year-old steer.

Competing with Miss Brown for recognition this year is Willard Frye, 18-year old Peoria farm lad who won the Grand Championship in the 4-H classes with his western Hereford range calf, Tarkio Special.

Those were just two of hundreds of corn-fed baby beefs from Illinois' choicest feed-lots competing in the 4-H classes that have been basking in the spotlight of public attention out in the beautiful new 4-H club exhibit buildings recently erected on the fairgrounds.

Both Miss Brown and young Frye plan to enter their champions in the International Exposition in Chicago.

It's an Idea

Says Thrifty Mary
It was that good old southern cooking that helped to make southern hospitality what it is.

From a "southern lady" famed for her excellent cooking—Mrs. J. C. James, descendant of an old Virginia family and "born and raised" in the "Old Dominion," come these delectable recipes:

Orange Nut Cake
½ cup butter
¾ cup sweet milk
2 teaspoons baking powder (heaping)

1½ cups sugar
2 cups pastry flour
Whites of 4 eggs.
Bake in 3 layers.

½ cup nut meats in center layer.
Sift baking powder and four 4 times.
Cream sugar and butter, add milk and flour alternately. Lastly the whites of four eggs beaten stiff.

Orange Filling
Beat four egg yolks well.
½ cup sugar
Grated rind and juice of one orange.
When cold add ½ cup whipped cream. Spread between layers and on top of cake.

You may frost top of cake if desired, then sprinkle with nut meats.

Southern Corn Pudding
1 quart corn cut from cob
3 eggs, well beaten
3 tablespoons butter (melted)
2 cups sweet milk
1 tablespoon flour.
Salt and pepper to taste.
Bake slowly one hour.

—Mrs. J. C. James, Antioch.

Dutch Treat
A mention of "buttermilk pie" in a recent magazine story brought requests for the repetition of the recipe for this Pennsylvania Dutch delicacy from the Antioch News of Oct. 17, 1935:

2/3 cup sugar
2 tablespoons flour
Few grains salt
3 egg yolks
3 tablespoons butter.
2 teaspoons lemon juice
1½ cups buttermilk
3 egg whites
Baked pie shell
Combine sugar, flour and salt. Add

beaten egg yolks, melted butter and lemon juice, and mix well. Stir in the buttermilk. Fold in the fluffy beaten egg whites. Pour into a baked pie shell and bake in a moderate oven about 35 minutes, or until "set."

LAKE VILLA

(written for last week)
The daughter of Rev. Pierstorff of Millburn has been a recent patient in the hospital.

Do not forget the Annual August Card and Bunco Party at St. Peter's Antioch, on Aug. 15, at 2 p. m.

F. R. Shenwood who has been traveling in the East and visited the World's Fair at New York, returned home Monday.

Mr. and Mrs. Christenson and son Gerald, of Plainfield, Wis., visited their parents, Mr. and Mrs. William Summer-meyer, a few days this week.

Mrs. Eric Briggs, Marian and Eric, Jr., from England, who are visiting Mrs. Briggs' sister, Mrs. Summer-meyer and family, expect to leave Saturday for a visit in the Western states, including Oklahoma and California, returning to Lake Villa later.

The Ladies' Aid Society will meet Wednesday, Aug. 16, at 2 P. M. with Mrs. Vaughan at Lindenhurst Farm at Sand Lake and visitors are always welcome.

Mrs. Frances Barnstable and Frances Leonard were shopping in Chicago last Friday.

Mrs. Trotter and daughter, Miss Marjorie Trotter, drove from their home in Portland, Oregon, and arrived here last week for a visit with her sister, Mrs. Ella Talbott and daughter, Mrs. Philippi. They also visited the Orville Talbott family in Chicago.

Mrs. Charles Simon is nursing an injured right hand since Monday of last week when she caught her hand in the wringer of her washing machine while doing the family laundry. It was necessary to take seven stitches in the fingers but she is recovering nicely.

Mr. and Mrs. John Meyer and son, John, Mr. and Mrs. Philip Wagner, the Will Fish, Howard Fish and Jake Fish families enjoyed an outing and picnic dinner at Muskego Beach, Wis., last Sunday.

Mrs. Frank Paskausky and son,

David, accompanied by her mother, Mrs. Emma Sorenson, have returned from Ironwood, Mich., where they visited the Harry Sorenson family for a week.

Mr. and Mrs. William Weber and Mr. and Mrs. James Connell have been entertaining a cousin from Massachusetts.

Mrs. William Weber and children left here Monday to spend a couple of weeks with Mr. and Mrs. Ray Kerr at Three Lakes, Wis.

Mrs. William Ruf and daughter, LaVerne, of Tiffin, Ohio, are here for a visit with Mrs. Ruf's sister, Mrs. R. L. Tanner and family. They visited relatives in Chicago before coming to Lake Villa and arrived here in time to attend the carnival.

Mrs. Lawrence Thayer of Antioch visited Mrs. Louisa Thayer last Friday.

Mrs. Riney entertained her brother who drove up from Kentucky last week.

Frances Leonard spent the end of the week with friends in Waukegan.

Mr. and Mrs. Clarence Miller of Chicago visited the former's father, Charles Miller, last Sunday.

Salt Lake Described in 1845
Great Salt Lake was first actually described by John C. Fremont in 1845. It was surveyed carefully by Capt. Howard Stansbury in 1849 and 1850. The Indians must have known of its presence long before this.

Black Sheers for Town Summer Wear

Have an Elegance That Is Always Pleasing.

By **CHERIE NICHOLAS**

Style creators are making a big point of black sheers for summer wear. Not that colors are out of the picture, on the contrary this season will go on record as one of the most colorful ever. But be that as it may the magic of handsome black is undeniable and at least one black sheer, be it net, chiffon or gossamer thin wool is expected to grace every fashionable wardrobe. By actual experience women have found that there's nothing so practical as a frock of sheer black to wear on a summer day.

The new blacks have an elegance about them that never fails and always give the well-groomed look. The difference between this season's blacks and last season's blacks is that the black gown of today is enlivened with quantities of fresh, crisp white lingerie touches. If not white fixings then it's splashes of color that give allure to the new blacks. Wear black with candy pink, with hydrangea blue, in fact black with any of the smart newer colors. The idea of black with pink is a prevailing one this season.

Special style emphasis is given to black linens and shantungs for summer, these tailored to a nicety with the inevitable jacket to make up a complete and practical costume.

Not only does the smart Parisienne elect black for summer about-town wear but in our own style centers it's gauzy black that is getting the big vote.

Turbans Are Chic

Right in the midst of the vogue for sailors and wide brimmed hats, comes a surprise trend—a decided move in favor of turbans. Expertly draped ones are being turned out by designers in varied types. The turban pictured at the top follows the style of the headdress worn by ancient Abyssinian warriors. It is made of white silk jersey. The hat-pin is of amethyst colored stones surrounded with simulated pearls. The other turban is a most flattering type. It is developed in a heavy exotic silk that has great softness of texture. The remarkable drapery is accentuated by the clever use of shirred eyelets to show the hair.

Youthful Styles Growing in Favor

The "little girl" fashions so strongly advocated this season are proving a big success. It's fun to look young and the short swing skirts, the nipped-in-at-the-waist bodices, the perky white pique collars and cuffs and other "fixings" make you look just that. The cunning white straw hats with their ribbon streamers add to the picture of youth. Remember fashion's message is to be young this summer and the shops and stores are filled with raiment that aids and abets the good cause.

Style Notes

Fashion for dark sheers is gaining.

Drape-your-own fishnet turbans are popular.

Handknit cardigans are worn over print frocks.

Huge organdy or pique bows are worn at the throat.

White latex printed in bright plaid is new for bathing suits.

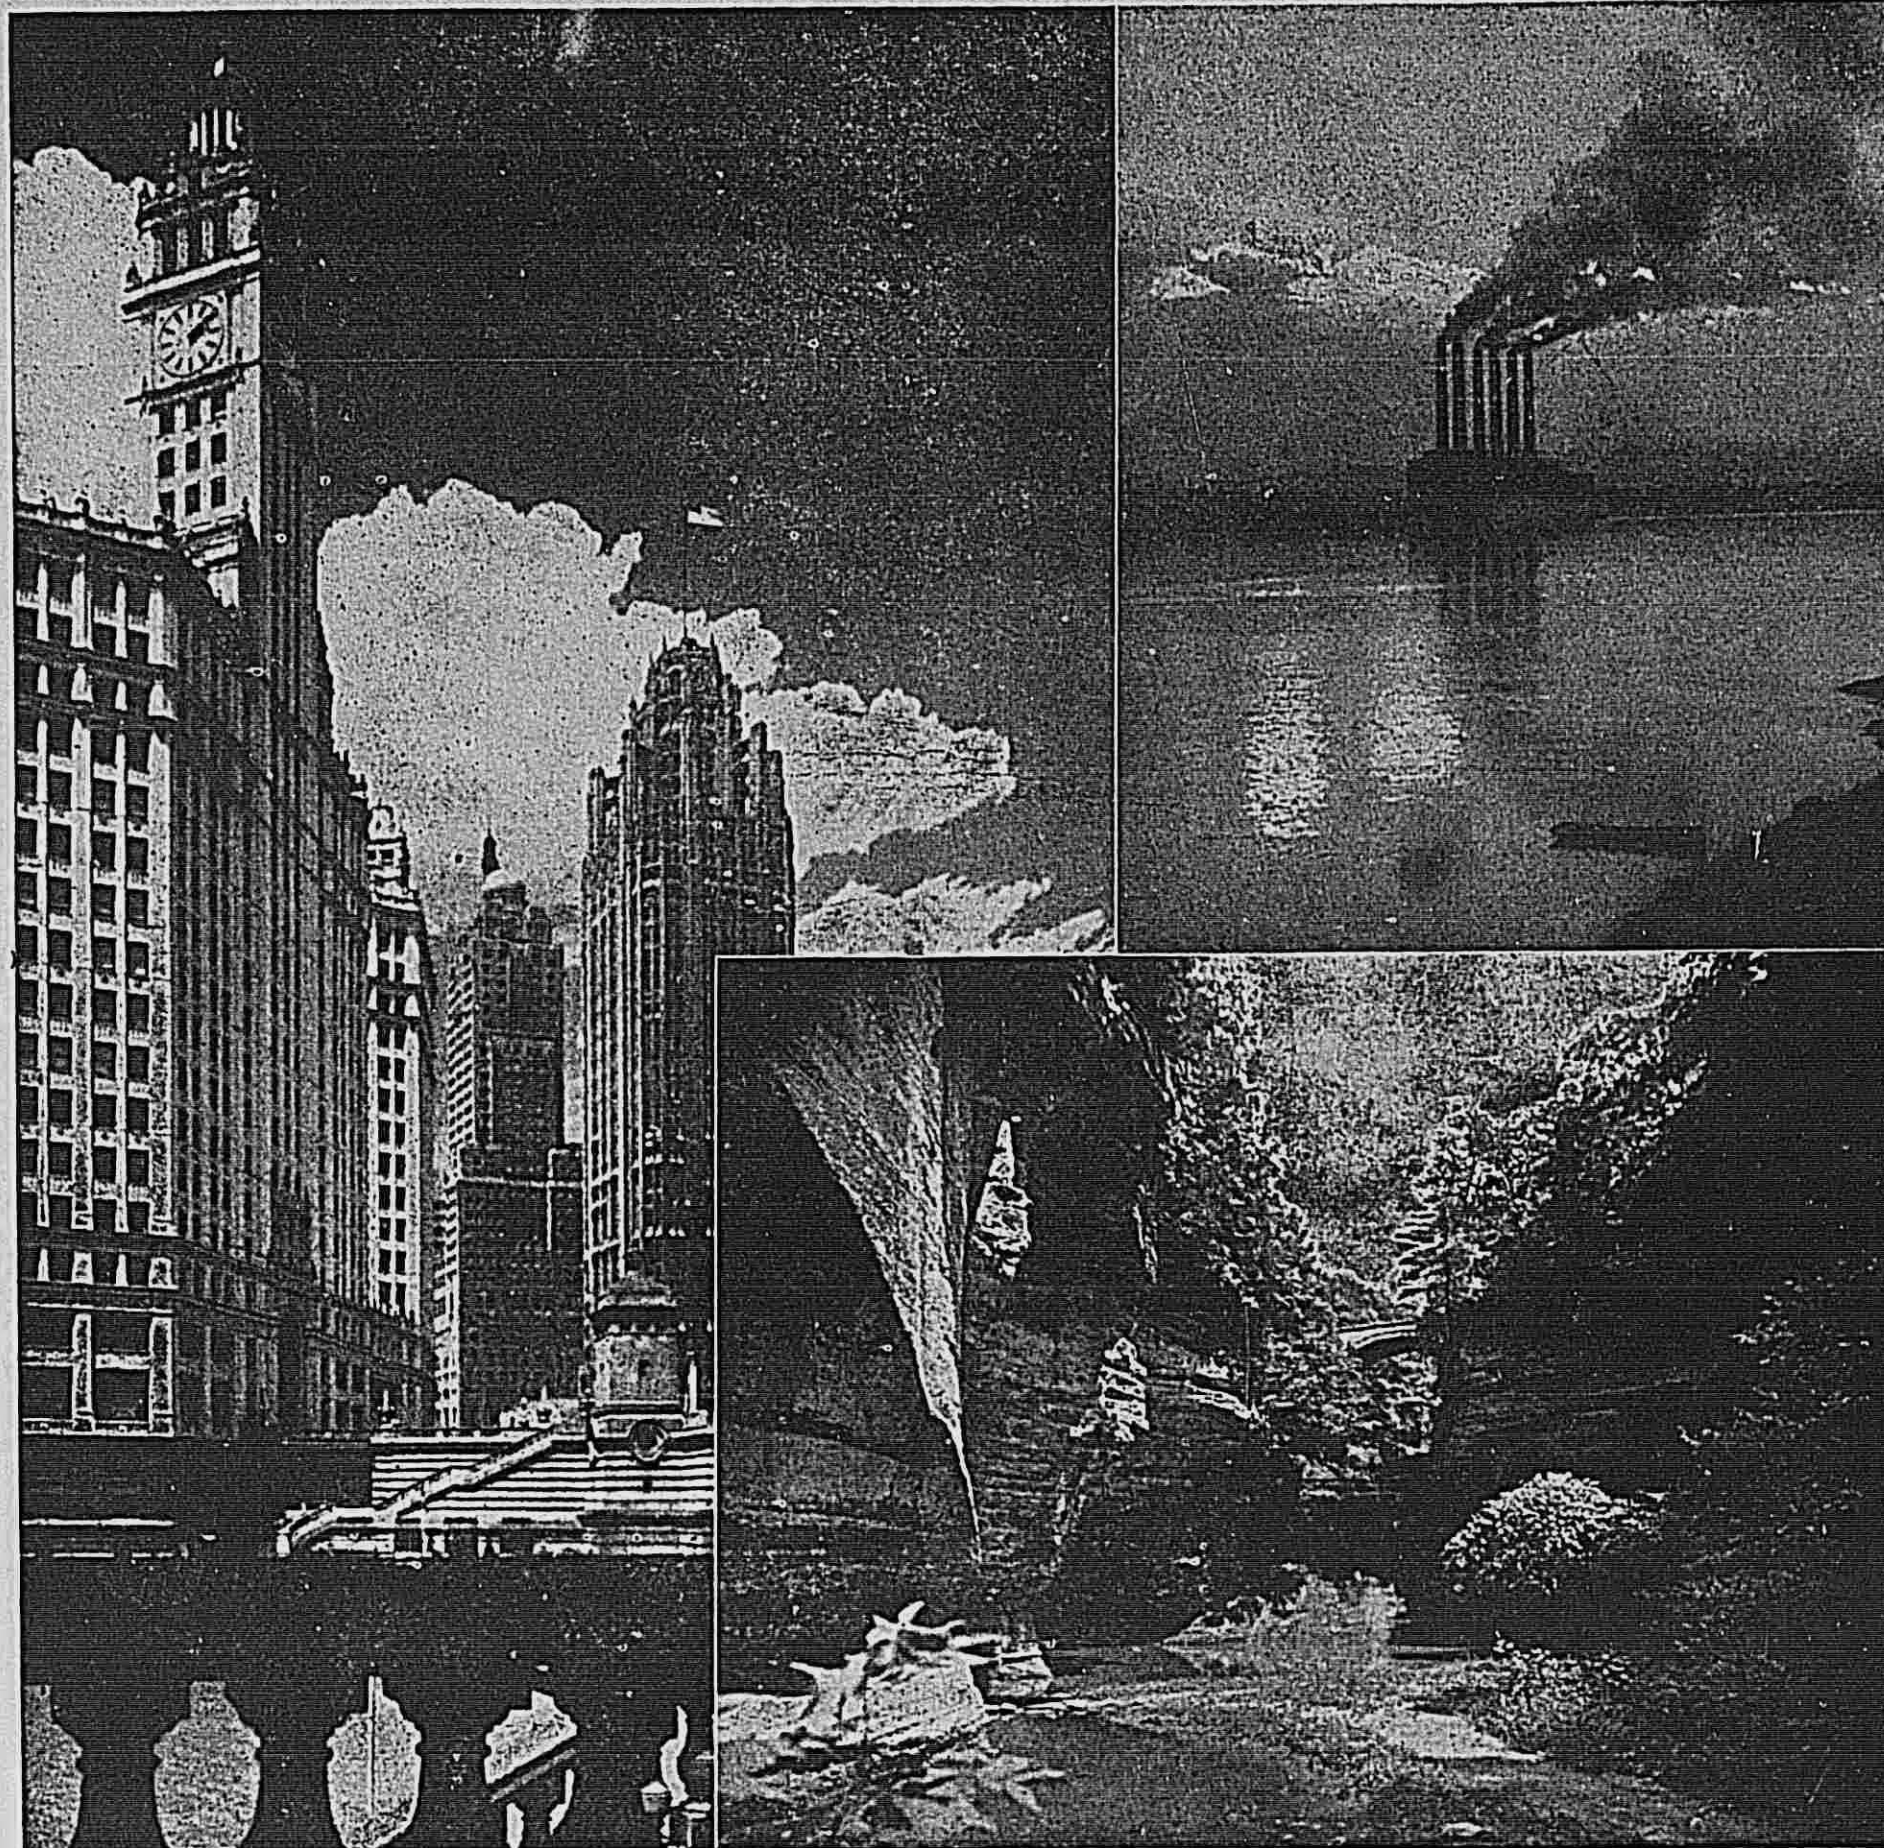

Eyelet pique is smart for hats, boleros, blouses and accessories.

White party frocks are made gay with gypsy stripe accessories.

Summer jackets of smart cotton weaves are either quilted or of candlewick type.

Gold trimming, especially buttons, on white is new fashion highlight.

Mrs. Janet Fletcher, Mrs. Arthur Bloss were Kenosha shoppers Saturday.

Swaying Monument

Vibration observations made with accurate instruments placed near the apex of the Washington monument have indicated that a wind of about 25 miles per hour velocity moved the top 1-500th inch each way from its normal position. This, of course, is equivalent to a total sway of 1-250th inch.

Levy on Teddy Bears

Children's toys carry their share of the tax burden. A \$3 doll produces 29 cents for the hidden tax collector, while nearly nine per cent of the cost of a teddy bear is for taxes.

Choice in Literature
Business and professional men rent detective thrillers and murder-mystery novels, while their wives and stenographers take home serious books. Americans in general have turned away from "flaming sex" novels to buy or rent better and more solid reading. Government workers in Washington have excellent taste in fiction. Book stores in the larger cities note improved discrimination on the part of parents in choosing books for their children.

The next time you feel inclined to boast about the speed record you set

the other night between Hometown and Big City, or vice versa, consider these facts released today by the Tripp Safety Foundation of Chicago.

If your headlights are in perfect condition, you have safe vision for 235 feet ahead at 45 miles per hour. However, the average head lamps provide safe vision for only 150 feet. If you drive at 45 miles per hour, it requires 200 feet to stop with the average brakes. Fifty feet of this distance is "driver's reaction" time.

Thus, with average head lamps, average brakes and average driver reaction, you are "overdriving your headlights" eighty-five feet if you drive 45 miles per hour on the highway at night. In other words you have no margin of safety.

Overdriving the headlights is one of the major causes of night accidents, according to R. R. Whipple, chief engineer of the Tripp Safety Foundation, who showed, too, that the hazards of night driving are greatly increased when the air contains rain, snow, dust or fog.

You are overdriving your headlights, according to Whipple, when your braking distance exceeds the distance of your head lamp beam.

Nothing delights a fool more than to ask a question a wise man can't answer—and any fool can do it.

One of our friends who loves an argument boasts about how broad-minded he is. He declares that often when a man disagrees with him it isn't because the man is dishonest. He may merely be ignorant.

THREE LEAD IN CROQUET BATTLE

Panowski, Webb, Moran Still Hold First Places

Unless one of the numerous "dark horses" still possibly in the running steps forward to take the lead in the last week of play, James Webb and Joseph Panowski of Antioch and Dick Moran of the Fairway Grill will wind up in the first three places of the croquet tournament that is now being held.

However, there is always the chance that one of the 13 other contenders, several of whom have a number of games yet to play, may step forward to challenge their superiority. Since the three leaders have also not quite completed their schedule of games, their final standings are likewise in some doubt.

The tournament will end with the present week of play, and those who have not completed their schedule of games at that time will automatically concede them to the winners.

Ill. vs. Wis.
A doubles tournament, Illinois versus Wisconsin, will be opened next week.

Players who have already registered for the second tournament include:

Illinois	Wisconsin
Joseph Panowski	Dick Moran
James Webb	Joe Fox
Bert Ray	John Gever
Howard Gaston	Charles Bruell
Walter Darnaby	Champ Parham
Willard Murphy	Wm. Cavanaugh
Vincent Dupre	

Entries may be made with James Webb or Joseph Panowski in Antioch; at "Johnny" Gever's tavern in Trevor, or at the Fairway Grill or Pasadena Gardens on Highway 83.

As in the present tournament, the games will be played off on the courts at Pasadena Gardens, the Fairway Grill, or Gever's tavern.

Call New Munster Game In 10th Inning

Antioch, 7; New Munster, 7, was the tie score when the ball game between the Antioch Aces and the New Munster Hill-Toppers was called with one out in the tenth inning, on a disputed decision by the umpire, Sunday at New Munster.

This coming Sunday the Aces will play the Highwood Boosters here. The Highwood team is a good one, and the game is expected to be exciting.

Box scores last Sunday were:

SILVERSTEIN TO MEET VON SCHACHT

Ruffy Will Meet Grappler Who Gave McMillen Tough Tussle

When Ruffy Silverstein, the little heavyweight titleholder, climbs thru the ropes next Friday night, August 18, in Peg's arena, at Routes 20 and 54 he will be facing the most outstanding foreign matman seen here in recent years. It was Friedrich von Schacht who had Big Jim McMillen hanging on the ropes here a couple of weeks ago and there are many who feel that Mac was ready to yell uncle when the unexpected occurred because in some strange manner when Schacht turned in the corner of the ring his trunks caught on the result was a long tear in a very embarrassing locality. Although time was taken out to allow the German to arrange his attire he did not seem the same afterward and McMillen scored a win. Bad luck has been in the wake of von Schacht as a few months ago he had the famous Bronke Magurski in pinning position and again Dame Fortune looked the other way and the German found himself a loser when a few minutes before he seemed a sure winner. Von Schacht was determined to face McMillen again and as a condition Jim suggested that the big fellow face Silverstein. At this match Schacht immediately signed and mentioned that he thought it would be easy. Whatever result may develop at the arena the fans are sure to witness one of the most spectacular matches of the season.

In the semi-windup bout, Jim McMillen of Antioch takes on the perfect man, George Dusette, French Canadian who is reputed to be one of the strongest men in the heavyweight division. Dusette has posed for many famous artists and has emerged winner in several male contests conducted to find a perfect man. He relies on a full nelson and his record for the past season proves a string of victories over many of the notable names of the mat world.

Sheik Mar Allah, the Persian who has been casting his lot with grapplers a long way from his native heath will display his brilliant assortment of grips and holds to the California cowboy, Buck O'Neill. The latter is a little powerhouse and the oriental will be offered plenty of argument in mat language.

The remaining match features Chuck Powell, army title wrestler from the south and he will exchange grips with the Honolulu flash, Jerry Meeker. Ladies will be admitted free with a male escort in the ringside section.

ALL-STAR SOFTBALL TEAMS WILL PLAY

One Thousand Votes Pick Players to Oppose Lake Villa Aug. 23

(By Raoul George)

Attention, Mr. and Mrs. Softball Fans! Here is the Fox Lake Lions' club softball league All-Star team you have named to oppose the league-leading Lake Villa Republicans on Wednesday evening, Aug. 23, at Grant Park, Fox Lake, Ill.

First Base—Flamank, Libertyville; Larson, Long Lake.

Second Base—Ingvaldsen, Long Lake; Andrews, Libertyville.

Third Base—Barth, Long Lake; Schmoll, Grub Hill.

Shortstop—J. McNally, Grub Hill; G. Christensen, Richmond.

Pitcher—T. Gerretsen, Long Lake; D. Ehorn, Richmond.

Outfield—Calanca, Libertyville; Koeh, Grub Hill; Madsen, Lake Villa; Kazlauskis, Fox Lake; J. Gerstein, Grub Hill; L. Werham, Long Lake; H. Britz, Fox Lake.

Catcher, Jorgensen, Long Lake; Howard, Grub Hill.

Pitchers—Mielke, Grub Hill; Burris, Waukegan; Pierner, Richmond.

Relief Pitcher—Axelsen, Long Lake. Manager of All-Stars—Ted Adams, Fox Lake.

Coaches—Frank Nydham, Libertyville, and Joe Streng, Richmond.

*Bob Madsen of Lake Villa is listed among the All-Star outfielders because he earned that rating in the poll. He is the only member of the league-leaders elected to the All-Star squad.

More than 1000 ballots were cast as 7 newspapers, among them the Antioch News, co-operated with the Fox Lake Lions' club in naming the Lions' league first All-Star team. Voting commenced on Friday, Aug. 4, and

ended at midnight, Monday, Aug. 14. Red Faber, former Chicago White Sox pitching star, will throw the first ball for the All-Stars. Russ Boehm, district deputy governor of Lions' clubs, also will attend the contest. Richard J. Lyons of Libertyville, Republican candidate for governor in 1940, will see the game if the nature of his activities does not prohibit his attendance.

Bob Madsen, slugging Lake Villa outfielder, is the only member of the league-leaders elected to the All-Star squad. Lake Villa softball followers voted little, as Pitcher Ed Tiede, Catcher Bernie Schneider, Outfielder Roman Wagner, and Infielder Louis Koppen, all stalwart performers, failed to receive an All-Star rating. The failure of Lake Villa fans to rally behind their favorites has been attributed to the fact that Lake Villa already had earned the right to oppose the All-Stars. Many Lake Villa fans felt it unnecessary to vote. Lake Villa players, however, were placed in the poll so they could gain an All-Star rating.

The game will start at 9 o'clock.
